First Baptist Church Ingersoll Inc. has registered with our financial institution for Interac's e-Transfer Autodeposit enhancement. Interac e-Transfer is a funds transfer service between personal and business accounts at participating Canadian banks and other financial institutions, offered through Interac Corporation.

Interac e-Transfer service, is one of the safest digital money transfer services in the world. When you send funds using the Interac e-Transfer service, the money is transferred using established and very secure banking networks. Funds never travel by email or text - these are simply used as means to confirm & notify you that money was sent, as well as provide instructions to deposit.

In other words, Autodeposit is not the same as online banking debit / ATM services. Autodeposit adds another layer of security and convenience, allowing you to bypass the need for security questions altogether. Essentially, it transfers your tithe/offering/gift, depositing it directly to the church bank account.

Please note that Interac e-Transfers cannot be postdated or recurring. This is deliberately prohibited so that you remain in control and aware of the disbursement of your funds directly from your personal bank account at your budgeted interval. If you have a bank account at a Canadian financial institution, you can send money any time by using the Interac e-Transfer service available in your bank's Online Banking or their Mobile device app.

Benefits of an **Interac e-Transfer Autodeposit**:

It's easier than cheques, more secure than cash, and is usually free for Canadian banks' personal chequing accounts.

It's Simple

All you need to do is add FBC Ingersoll as one of your recipients in your e-Transfer payee list linked with our Interac registered email address: giving.fbingersoll@gmail.com for your money to be deposited to the appointed First Baptist Church Ingersoll bank account.

It's Convenient

Easily send money via Interac e-Transfer and notifications via email or text messaging

It's Fast

We are notified of your charitable donation via email and deposit the money immediately through our Financial Institution's online banking service.

Do Your Part to Safeguard your Transactions! When sending an Interac e-Transfer, always use safe email, security and password practices. Create passwords and questions that are unique and not easily guessed or obtained by others. We all have a role to play in keeping our financial activity secure:

Exercise caution when it comes to sending or receiving money.

Better yet: Suggest that your recipient set up Interac e-Transfer Autodeposit for ease and added security.

In general handling any Interac e-Transfer:

Take the same precautions you would with cash purchases. Be sure to read any guidelines or policies for protecting yourself as outlined by the site. Tips include but are not limited to:

Don't include the answer to the security question in the question itself

Don't disclose the Interac e-Transfer reference number (starts with CA) to anyone, even if they ask

Remember, once an Interac e-Transfer transaction is accepted by the recipient it can't be reversed

Keep your email passwords safe and difficult to guess

Unexpected Interac e-Transfer notification?

If you receive an Interac e-Transfer text or email you weren't expecting, confirm with the sender via another channel. If the email or text comes from someone you don't know, or you suspect it to be fraudulent, don't respond or click any links. Forward the email right away to phishing@interac.ca.

Not Enrolled Yet?

Register with your financial institution's online banking or download their mobile app. Get immediate access to your accounts and enjoy the ability to regularly contribute to the mission & ministry of First Baptist Church Ingersoll by sending your tithe/offering/gift using the Interac e-Transfer Autodeposit enhancement we have setup.
